

## Your Community, Your Voice, You're Invited! 100% Renewable Energy Planning Workshop

The Climate Crisis is here. What will we do? We will take advantage of the opportunities in this challenge by creating a cleaner, greener community and new green jobs! The West Chester Mayor's Office invites you to participate in a groundbreaking multi-municipal planning workshop so you can help steer us into a clean & green regional energy future! We will:

- Develop a plan to achieve 100% renewable electricity by 2015 & 100% renewable energy by 2050.
- Set community renewable energy priorities.
- Vision our future!

Thursday July 11th, 2019  
West Whiteland Township Building  
101 Commerce Drive  
Exton, PA  
6:00-8:30 pm

The West Chester Area Council of Governments is leading our region to dramatically transform its energy supply systems away from fossil fuels toward zero carbon renewable sources. How we approach energy transformation depends on many things - *including the priorities of all stakeholders*. **Your input is critical now. Join your neighbors, fellow business owners, business leaders, and faith communities to share your perspectives on July 11<sup>th</sup>. [REGISTER TODAY](#)**

***The West Chester Area Council of Governments Proudly Sponsors This Initiative!***
